

**Committee on Preparation for Ministry
Presbytery of Cincinnati
Stated Meeting - February 2018**

Action Taken on Behalf of the Presbytery

- The Committee on Preparation for Ministry (CPM) met with Salvador Leavitt-Alcantara and enrolled him as an inquirer in the ordination process. Mr. Leavitt-Alcantara is a member of Mt Auburn and has met with the Mt Auburn Session and received their endorsement as well. Two members of the CPM have also met with the Mt Auburn Session to inform them of their role in the process.

For Information to the Presbytery

- The Committee on Preparation for Ministry has met several times since November to begin looking at creating more specific policies and procedures detailing the process for people going through the ordination process. We currently have a basic policy but we are working on more specific information for not only people in the process but for Sessions and for the Presbytery as a whole. We anticipate this will be completed in the coming months and forwarded to the Presbytery as a whole for approval.
- The Committee on Preparation for Ministry has received several informal contacts from sessions and people expressing an interest in entering the Teaching Elder ordination process as well as the CRE process. We will meet with those individuals and sessions in the coming months.
- David Annett has successfully passed all of his ordination exams and we will be working with him in the coming months on next steps.

The Reverend Dr. Edward Goode
Moderator
Committee on Preparation for Ministry
Presbytery of Cincinnati
